## **HORSE SHOW FEATURE ATTRACTION**

What has been described in international entertainment centres as the greatest and most unusual horse act ever presented on this continent - The Horse Fantasy Revue - is the feature attraction of this year's Horse Show.

Here is a brief run-down of the act as it will be performed in the Horse Show ring:

Two Andalusian Stallions do a classic dressage presentation, featuring Passage, Spanish extensions, pirouettes, pesades and redoubt.

Shetland ponies and Giant Clydesdale do an unusual routine in which all the ponies go under the big horse and leave the ring, walking on their hind legs.

A dog pulls tiny cart around ring and a tiny pony emerges from it.

A Lippizzaner stallion enters the ring, does a Capriole and 20 white doves fly into a box on his back.

Three Chestnuts enter ring on a run, do a flying waltz, one leaves the ring and two remain to do an unusual Traffic Light routine, stopping when the light is red, going when it is green, and upon running a yellow light, both horses stop and back up.

A tiny pony rides into the ring on the back of the Giant Clydesdale. This is a "first" for any horse act.

Three chestnut stallions enter the ring for a flying leap through a giant fire hoop and then do a hind leg stand, with the Arab doing a hind leg walk.

As a finale, all the horses return to the ring for a bow while the tiny pony, the smallest in the world at 19<sup>3</sup>/<sub>4</sub> inches high, sits in a chair and watches the proceedings.
